ITEM NO. 2 - Reference Specifications, Description of Pay Items and Basis of Payment, Page A:

ADDITION:

C. HOST SYSTEM DATA MANAGEMENT PLATFORM

Payment for the host system data management platform shall be based on the lump sum price submitted. The data management platform shall integrate seamlessly with the City's billing software (Keystone). Payment for this item includes all materials, equipment, tools, labor, and any and all other necessary items for a complete operational system. System integration costs with Keystone CIS software shall be included with the bid.

This item shall also include the first three (3) years of any annual software or hosting fees anticipated for the AMI system including but not limited to all software, hosting, and technical support needed to operate and keep the AMI system fully supported during said time period. The first three (3) years of these services shall be included in the lump sum price submitted. Any fees after said three (3) year time period will be negotiated separately from this Contract in accordance with the manufacturer's annual license and maintenance agreements, if applicable.

ITEM NO. 3 - Reference Specifications, Description of Pay Items and Basis of Payment, Page B:

ADDITION:

F. RETROFIT OF EXISTING 5/8" NEPTUNE T-10 METERS TO WORK WITH NEW AMI SYSTEM

Payment for the retrofit of existing 5/8" Neptune T-10 meters to work with the new AMI system shall be based on a unit price submitted for the size indicated and shall include delivery of all material and appurtenances necessary for the existing meter to integrate seamlessly with the new AMI system. This item is for materials only and does not include installation of necessary materials and equipment.

Respectfully submitted,

MIDWESTERN ENGINEERS, INC.

Clint W. Roos, P.E.
Sr. Project Engineer
